

Univ.-Prof.
Dr. Martin Mittelbach
Institut für Chemie
Arbeitsgruppe Nachwachsende Rohstoffe
Karl-Franzens-Universität Graz
Heinrichstraße 28
A-8010 Graz

**Master Theses and/or Project Labs
in Chemistry, Technical Chemistry
"Renewable Resources"**

Topics:

- "Influence of Additives on Oxidative Stability of Fuels"
- "Determination and Characterization of Minor Components in Animal Fats as Renewable Resource"
- "Supercritical Hydrolysis of Waste Fats"
- "Hydrolysis of Lignin with Heterogeneous Catalysis"

Funding available, Cooperation with Industry
